

Year 3 Creative Challenge Tasks

Remember to be doing as much reading as possible (Try and do 30 minutes a day)

HELLOOOO YEAR 3!!! I have lost count on what week we are up to, it feels like so long since we were in the classroom writing our suspense stories and checking them using Philip's Goosebumps test! I miss you all so much and hopefully we will ALL be back in school soon.

Activity 1

QUESTION TIME

- 1) Where does the tunnel lead?
- 2) What is the source of the light?
- 3) Do you think the rabbit will go through?

Activity 5

Using your answers to the questions as a plan, can you start a story outlining the rabbit's journey up the tunnel.

MAKE SURE YOU STOP WHEN THE RABBIT IS GOING THROUGH THE TUNNEL. (We will continue this next week)

Activity 2

SCIENCE RECAP

Time to get your science hats on!

This week watch the video looking at **FOSSILS**.

If you were going to look for fossils what would you need?

Can you create a beginners guide for fossil hunting?

Activity 3

THE RETURN OF THE CHORES

This week can you help out around the house with some jobs? This may be making sure your bedroom is tidy or helping with the hoovering or the dishes.

Activity 4 - SPELLINGFRAME

Continue all the hard work on SpellingFrame!

This weeks codes:

7 Spellings - 36640

4 Spellings - 36641

Spellingframe

Activity 6

This week on TT rock, the battle is on....

I have created a battle, which means its Year 3 vs Mr Rodger!!!

The more times you play the correct answers you get, the points year 3 get!

TEACHERS

YEAR 3

0

0

Activity 7

Continue with your 30 mins of exercise a day.

Activity 8

ART

Time to use your imagination

The past 10 weeks it is been difficult to do things we enjoy, whether that is a hobby, seeing family, going to nice places such as the beach, or if you just really miss school. Therefore, for our art task this week I would like you to draw/paint/make something that you have missed.

Activity 9

Can you work out what the question mark is? Try and make your own picture puzzle

Pay close attention to the number of eagles in the last number sentence...

$$\text{👓} + \text{👓} = 24$$

$$\text{👓} \times \text{👗} = 120$$

$$\text{👗} + \text{👒} = 15$$

$$\text{👓} - \text{👒} = ?$$

Activity 10

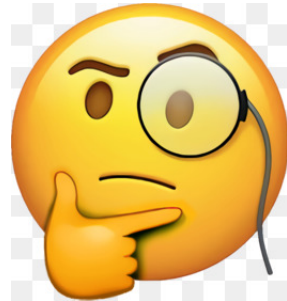

I had some amazing quizzes sent in which I have tried to answer (some were very hard!!)

This weeks quiz topic:

ALL ABOUT YOU

This week it is a little bit different. I would like you to send in to school 3 facts all about you.

I will then send them to the teachers to see if they can guess who is who.

Activity 11 + 12

Monday 8th June is World Ocean Day, a chance to remind everyone of the importance of the world's oceans and the role they play in every day life.

Activity 11 - What role do oceans play in the world? Why are they important? Create poster to show this.

Activity 12 - Oceans are FULL of different species. Pick three species and create a fact file for them to show to the rest of the class. Try and pick a species that no one else would pick.

As a school we want you to be proud of your work and efforts, therefore any tasks you have completed or anything you have achieved at home please send them into school via email or the Facebook page and we will publish them for everyone to see. Stay safe and I miss you all so much!!
